Nurse

Name: Elena Salazar

Age: 20

A former patient of Dr. Vaughn who underwent life-saving surgery. She studied to become a nurse so that she, too, could help people. Although she is still young, she is hardworking and not afraid of a challenge.

Lloyd Wilkens

Professor-Concordia Medical Institute

Name: Lloyd Wilkens

Age: 49

A professor at Concordia Medical Institute with whom Dr. Vaughn previously worked, conducting research. Even after Markus's voluntary departure, Wilkens continued with this questionable research, leading to a startling discovery that puts not only himself but also his colleagues in terrible danger.
